

## Message from the Editor-in-Chief

It is with great pride, enthusiasm and anticipation that I invite you to read the current issue of the “International Journal of Multidisciplinary Innovative Research” (IJMIR) — “a new kind of research journal.” IJMIR is multidisciplinary in scope and seeks to provide a forum for researchers interested in the interaction with the scientific community across the globe. An enormous amount of work has gone into the development of this journal and I believe you will see that effort reflected in this edition and in the impact it will have on the field.

As we look at IJMIR, it is important to keep in mind that it represents the collective thinking of a group of innovative individuals with whom I am privileged to work. We want it to look different, to be different, to be one journal that, with its related website, will be as dynamic as the work going on in multidiscipline, a rarity in academic publishing.

I am extremely proud of our board members and fortunate to be able to draw upon their individual and collective knowledge, talent, judgment and disciplinary backgrounds to maintain the quality of the journal. As you examine the board’s makeup you will see a remarkable breadth of disciplines, experiences, and backgrounds.

The journal will consist of four issues published per year. This will enable a faster processing rate of the articles and gives us scope to include more articles in a year. To get the best benefits out of this journal, the editors place emphasis on the quality and novelty of the work and encourage state-of-the-art content and critical review articles. This will help us in scoring high in performance measures and moving up in journal ranking lists.

We invite colleagues working in the field of Physical Sciences, Engineering, Technology, Health Sciences, Life Sciences, Nutrition, Pharmaceutical Sciences, Physiotherapy, Agricultural Sciences, Management Studies, Physical Education, Chemical Sciences, Commerce, Juridical Sciences, Educational Sciences, Mathematical, Statistical Sciences, Anthropology, Psychology, Fishery Sciences, Forestry, Geography, Library Sciences, Environmental Sciences, Earth Sciences, Biotechnology, Arts, Humanities, Philosophy, Social Sciences, Ayurveda and Unani Medicine to consider IJMIR as an appropriate medium for the publication of your own high-quality research.

I am truly honored to have been selected as the Editor-in-Chief of the IJMIR. I am also very proud to be working in tandem with an outstanding team of Associate Editors and members of the Editorial Board. My warm welcome to the members of the Editorial Board of the journal. Together we would work towards making the journal a truly influential publication.

As Editor-in-Chief, I recognize the value authors place on high-quality and unbiased peer-review conducted in a timely manner.

Comments, suggestions and special issue proposals are always welcome.

Thank you all for your amazing support and continued efforts aimed at ensuring that the *International Journal of Multidisciplinary Innovative Research (IJMIR)* is recognized as the leading journal in multidisciplinary fields.

Editor-in-Chief

Prof. (Dr.) R. M. Mehra
